

Bachelor of Science (B.S.) Degree in Psychology

Students who wish to pursue the Bachelor of Science degree (B.S.) must complete all of the **BA requirements** and at least three additional courses/10 credits from the list below. Of these three additional courses, one must be a lab course. Course offerings are subject to change, so we recommend that you ask a Psychology Advisor to review your plan to satisfy the B.S.

Requirements for B.A. in Psychology – 35 credits

1. Complete gateway requirements
 - a. PSYC100 (or PSYC221 if receiving AP credit for PSYC100 with at least a B-
 - b. MATH120 or MATH140 with at least a C-
 - c. BSCI170/BSCI171 with at least a C-
2. Foundation courses: Complete PSYC100, PSYC200, and PSYC300
3. Thematic courses: Complete 2 courses from each theme, with one thematic course also fulfilling the multicultural requirement
 - a. Theme I: Mind, Brain, and Behavior
 - b. Theme II: Mental Health and Interventions
 - c. Theme III: Social, Developmental, and Organizational Studies
4. 400 level courses: Complete 2 400-level PSYC non-labs and 1 400-level PSYC lab

Additional requirements for B.S. in Psychology – 10 credits

5. Complete three additional advanced courses from the list below. Of the three additional courses, one must be a lab. Lab courses are **bolded and underlined**. You must have met all prerequisites listed on Testudo. *PSYC courses counting towards the B.S. requirements will **NOT** count towards the thematic or 400 level requirements for the PSYC major.*
