

Department of Psychology

Maryland Diversity Scholar Research Assistantship in Psychological Science

The Department of Psychology in the College of Behavioral and Social Sciences at the University of Maryland at College Park will offer a 12 month, full time Graduate Research Assistantship to one or two incoming doctoral graduate students. Stipends will be highly competitive.

The students will have demonstrated an interest in addressing issues related to sociocultural diversity and/or a commitment to serving diverse communities through teaching, research or outreach.

The successful applicant will receive training under the supervision of one or more faculty in the department's highly ranked doctoral specializations: (1) Clinical; (b) Cognitive and Neural Systems (CNS); (c) Counseling; (d) Developmental; or (d) Social, Decision, and Organizational Sciences (SDOS). Direct contact with faculty of interest is encouraged. For further information on the department and faculty research, please visit <http://psychology.umd.edu/>.

The University of Maryland at College Park is the flagship campus of the University System of Maryland. The University is the State's premier center of research and graduate education, and its unique location provides proximity to a number of collaborating research institutions (such as NIH) in Washington, D.C. and Baltimore. The greater DC-Baltimore region is remarkably diverse and offers ample recruitment opportunities for scholars whose work focuses on race, ethnicity, class, sexual orientation and other dimensions of sociocultural diversity.

APPLICATION: Applicants should indicate in their personal statement that they wish to be considered for the **Maryland Diversity Scholar Research Assistantship** and explain why they should be considered for the assistantship. Women and minorities are encouraged to apply. Prospective applicants should visit the Department of Psychology's website for further information on application at <http://psyc.umd.edu/graduate/apply-admission>.
