

## Bachelor of Science (B.S.) Degree in Psychology

Students who wish to pursue the Bachelor of Science degree (B.S.) must complete all of the [BA requirements](#) and at least three additional courses/10 credits in mathematics and science. Of these three additional courses, one must be a lab course. Course offerings are subject to change, so we recommend that you ask a psychology advisor to review your plan to satisfy the B.S.

Lab courses are **bold and underlined**
